

ÓRIZZON HEADLIGHT
8265

The Órizzon headlight is a compact, robust, and innovative product. With an elegant design, it has the highest luminous efficiency in just 85mm width, delivering intense and clear illumination within the most stringent European safety standards.

It allows for a single or combined application among headlight sets for high and low beam functions.

- Sophisticated and modular design
- Lightweight and compact
- High and low beam in the same product

SUGGESTED APPLICATIONS
